**22nd Annual LEMIT Training Conference**  
[La Torretta Lake Resort and Spa](#), Conroe TX  
**June 21 – June 23, 2017**

The Leadership Command College Alumni Association ([LCCAA](#)) is excited about this year's training conference and while the final preparations are being made, we are requesting your company's support. Please join us as a sponsor, exhibitor or both, at our annual conference. Allow us to give you some information on LCCAA so you have a better understanding of who we are and what we are about.

The Bill Blackwood Law Enforcement Management Institute of Texas ([LEMIT](#)) was created by the 70th Texas Legislature to develop the administrative, analytical, and executive skills of current and future law enforcement officials at no cost to either the participant or his/her agency. Public administration, management issues, the political, legal, and social environments of policing, and advanced technical issues are studied in detail. It is the largest and most sophisticated statewide preparation program for police management in the United States. The Leadership Command College (LCC) is a training component of LEMIT and requires police supervisors to apply for the program, complete an overview, complete three modules; each of which are three weeks long, and write a research paper prior to graduation. The first module is held at Texas A&M University, the second module is held at Texas Woman's University in Denton, and the third module is held at Sam Houston State University. Completion time for the program is one to three years and officers receive college credit once they graduate. The program focuses on supervision within law enforcement today, exposes the officers to best practices in a variety of topics from legal issues, to physical fitness, to ethical leadership and developing collaboration within the community. Over 2000 officers have graduated from the program and the waiting list to enter the program is approximately one year.

We have established an Alumni Association for graduates of the program. Each summer, the LCCAA organizes a training conference and strives to bring in world class speakers to keep our law enforcement supervisors up to date on best practices and trends. This summer the LCCAA will host our 22nd annual training conference and we are privileged to provide first class presentations to officers and supervisors from all over the state. Our training conference is not limited to just LCC alumni. It is open to every law enforcement officer in Texas.

One of our goals is to reach out to nationally recognized companies, community members and businesses that are willing to support our efforts to bring quality training, equipment and resources to our officers and agency leaders. In today's economy, we know that each business that chooses to make a donation to our association is making a financial decision based on a commitment to support excellent training for law enforcement leaders. Please know that your support is truly appreciated and will not go unnoticed. We are expecting over 100 law enforcement managers, leaders and officers from across Texas to attend this conference. During the conference, we will identify donors as valued supporters of our association and the law enforcement leaders that serve our communities. As leaders in the field of law enforcement, we are committed to making a positive difference in our agencies as well as in the lives of those we are sworn to protect and serve. We appreciate you and we would be honored to receive your support as an exhibitor, financial contributor, or door prize donor. Please review the attached LCCAA Sponsor/Exhibitor Forms and Choose the package that is right for you.

LCCAA is an established non-profit 501(c)(3) organization. A letter of appreciation to the donating individual, business or group will be provided along with a receipt for the value of the donation. Donations can be in the form of financial contribution, gifts of products or in kind donations. If you have any questions, please do not hesitate to contact me. Thank you so very much for your assistance and support.

Sincerely,

*Bruce Honings*
